Specialists in Brain Injury Care

POST-ACUTE NEUROREHABILITATION

The Learning Services post-acute neurorehabilitation programs employ professionals with vast neurological experience and knowledge. These individuals are available to discuss appropriate services and options for people facing the challenges associated with an acquired brain injury. In addition to providing consultations, our free pre-admission screenings offer professional recommendations specific to the individual's rehabilitation needs and goals.

Learning Services is committed to providing the highest level of care for people with Acquired Brain Injuries. We have earned accreditation from the prestigious Commission on the Accreditation of Rehabilitation Facilities (CARF), which sets high standards for programs in the brain injury care industry. Learning Services has achieved a 3 year accreditation from CARF under the classification: Residential Rehabilitation Programs: Brain Injury Programs (Adult).

*CARF accreditation is subject to change. For more information on CARF accreditation, please visit [learning-services.com/carf](https://www.learning-services.com/carf).
